Stacie,

I am also wondering how we would go about sharing the response with ORC or another staff member in ECAD if it's labeled as CBI since I believe there are restrictions on electronic transmission of the material. Not sure though – I haven't run into this yet.

Thanks,

FYI, Jennie. Nina – Anything else we need to do for a response that is claimed CBI?

Thanks.

CBI should be locked when not in use.

Thank you! How do we treat it as CBI? We don't have to lock it up right? I'll also check with Nina.

Hope the last few weeks were quiet for you 😊 I had a really nice 2 weeks – I didn't do much, but it was probably the best leave I have ever taken.

I'll give you a call later on about a few things.

Thanks!

Hey, welcome back! Not exactly sure what you are asking, but I believe we can ask them to substantiate the claim and I think there is standard language we could use. Or just treat it as CBI. Probably best to get ORC involved.

Hi Chad. Do you know how we handle this?

Thanks.

Stacie,

I have received the response to the 308 from Horizon Land Management for the 3 mobile home park WWTPs in Maryland. Please note that the response is labeled as CBI. The 308 requested information about the Maryland Manor, Patuxent, and Boones WWTP but not the Lyons WWTP.

Thanks,
